

EASYTOUCH®

PL4 AND PSL4 POOL AND SPA CONTROL SYSTEMS

Give your pool the freedom and convenience of affordable automation.

For pools with standard features, automation convenience and energy savings have arrived. EasyTouch PL4 and PSL4 pool and spa systems bring affordable, push-button control of up to four automation schedules. Imagine setting pump schedules, heater temperatures, turning valves, controlling water features, pool and landscape lighting, cleaners, sanitizers and more without repeated trips to the equipment pad. EasyTouch PL4 and PSL4 systems can even help you save on energy costs because with automatic scheduling, you don't have to rely on memory or limited time clocks to turn off equipment.

EASYTOUCH® PL4 AND PSL4 POOL AND SPA CONTROL SYSTEMS

Advanced capabilities in an affordable, easy-to-install system.

EasyTouch PL4 and PSL4 control systems are the economical way to bring sophisticated automation capabilities to standard pools. These systems give you control over filtration pumps, lighting, chemical management and more. Plus, when paired with an optional ScreenLogic® Interface Kit, the EasyTouch PL4 and PSL4 control systems can even be operated remotely with many popular mobile digital devices, allowing you greater control of your pool.

With four different configurations available, there's an EasyTouch system to fit every pool and spa. The EasyTouch PL4 control system is a four-circuit system designed for a single body of water, while the EasyTouch PSL4 system is a four-circuit system designed to control a pool/spa combination. For even greater control, add an optional ScreenLogic® Interface to your Pentair automation system and access your pool from practically anywhere and at any time using your smartphone, computer, mobile digital device, Amazon Echo®, Apple Watch® wrist wearable device or Google Home™ smart speaker.
